There's nothing like Australia for its sheer diversity of natural luxury experiences.....

Waiting to be discovered in all corners of the Australian continent are exclusive islands, fabulous wilderness lodges, decadent tented camps in the desert or in coastal sand dunes, private spa and vineyard retreats, and remote country lodges. These are places where time out is to be treasured, and the discovery of the unique sense of place for each is a gift reflecting Australia's extraordinary diversity and enchanting landscapes.

Take in wide angle views and watch the sun melt into the sea. Walk barefoot on the beach, swing in a hammock, lounge about in the plunge pool or watch wildlife swim in the bay. Better still, swim with them. Rejuvenate on a secluded island retreat, be pampered and preened at a glorious day spa or explore the peace and tranquillity of nature's most spectacular landscapes.

Discover pristine, remote picnic spots and secluded beaches on a romantic journey by air, land or sea. Cruise past beautiful beaches, coral reefs, dramatic coastal cliffs and singing sands.

Absorb the outback's breathtaking ruggedness, hike or bike in it, then lie back and let stress dissolve away under the influence of a little outback luxury. Wonder at the incredible diversity of terrestrial and marine wildlife. From locally inspired, character filled bush camps offering key luxury standards to architecturally striking lodges, heritage homesteads and stations offering indulgent

spa treatments, retreat to your own exclusive piece of luxury in the Outback.

Savour the flavours of pure Australian produce, its seafood and wine. From nature (or paddock) to plate, rustic to refined, dining at these luxury lodges is an innovative and deeply satisfying culinary adventure. The possibilities for memorable dining never end: dinner in the desert under the starry skies at Uluru; a feast of ocean catch on sandy shores; a superlative meal in a destination dining room; or a candlelit dinner on the beach in the warm glow of sunset.

Sail between tropical islands and warm water reefs, exploring the endlessly changing Australian coastline and stopping at isolated beaches where the only footprints are your own.

Australia's luxury barefoot paradises are exclusive by virtue of their remoteness, their special location and the small number of guests they accommodate at any one time. Australia's sun, sand and open space are luxuries of the rarest kind.

All these experiences represent a new style of distinctively Australian casual elegance and luxury: the unforgettable coast, reefs and islands; the fertile mountains and vibrant food and wine producing regions; the boundless horizons of the outback. You will have the space to relax, a sense of timelessness, the chance to discover our land, our people, and yourself. Take home lifelong memories.

Bamurru Plains

Bamurru Plains on the Mary River floodplains is Australia's answer to the Okavango Delta. These coastal floodplains are home to prolific bird and wildlife, whilst nearby Kakadu and Arnhem Land are the heartland of Australia's indigenous culture. This is the setting for a mesmerising wilderness experience.

Nine safari suites blend seamlessly with the surrounding bush and focus on key luxury comforts: a supremely comfortable bed, innovative cuisine and premium wines. Bamurru Plains deliberately tries not to be a typical luxury hotel room in the bush, but a haven from which to closely connect with a unique Top End wilderness.

Bamurru Plains offers one of Australia's richest wildlife experiences: tens of thousands of Magpie Geese mingle with kites, egrets, herons and buffalo on the floodplain. Kookaburras, parrots, cockatoos and Agile Wallabies inhabit the fringing woodlands. Bamurru's expert guides offer exhilarating airboat trips on the floodplains, fishing trips, four-wheel drive safaris, scenic helicopter flights, and tours to the rock art galleries of Arnhem Land.

In the heat of the day, relax in the pool looking out over the floodplains as buffalo wallow. In the evening sit back with a sundowner drink and enjoy the soft 'Wild Bush Luxury' touches. Bamurru Plains lodge and 300km² of country are exclusively for in-house guests, assuring a quiet, privileged outback experience.

- An utterly remote, stunningly crafted wilderness
- lodge, Bamurru is... African-style bush luxury.
- Built on stilts over the wetlands, Bamurru
- is state-of-the-art rustic with staff who can
- morph from Jeeves into Crocodile Dundee.

True North

A cruise on the True North has long been regarded as one of Australia's outstanding and revered adventure tourism experiences. Cruises are activity based and designed for the most discerning traveller wanting to 'experience the destination' in some of Australia's most remote and hard to access coastal regions.

True North's flagship "Kimberley Wilderness Cruise" is a 6 or 13 night panorama of spectacular gorges and majestic waterfalls, islands and rugged coastline. Other trip options include the "West Coast Explorer" to the Abrolhos Islands and Ningaloo Reef; the "Coral Atoll Cruise" to the Rowley Shoals; "Sydney Rocks" an opportunity to discover wilderness on the doorstep of Australia's largest city and, the "Southern Safari" a safari at sea along the stunning South Australian coast including Kangaroo Island.

The True North has been designed to go where no other ship can go, with high levels of comfort and style. All cabins are spacious and feature modern décor and en-suite facilities.

Daily activities can include scenic walks, helicopter flights, fishing, snorkelling, cultural visits, picnics, flora, bird and wildlife watching, diving, exploring and much more...

Multiple expedition vessels or 'tenders' take guests in small groups to experience the wilderness 'up close' and, the luxury of having numerous tenders means that everyone onboard has greater opportunity to do "what they want, when they want".

Most cruise options feature an onboard helicopter opening up a whole range of options from scenic flights and heli-picnics to overnight camping adventures. Discover virtually unseen and untouched parts of Australia.

- What can we say? Beautiful, and brainy, too — the world's
- first carbonzero resort, which loses nothing to hairshirtery
- and gains everything in a real and profound engagement
- with its environment. And did we mention the staff? Going
- above and beyond the call of duty, they're a great team full
- of personality and passion for their secret inland island.

Australia's National Landscapes: a spectacular collection of nature's finest work.

Australia is a place of exceptional natural beauty where ancient rainforests and vast national parks, rugged mountain ranges and reefs, beaches and waterways provide sanctuary to Australia's wondrous wildlife.

Australia's National Landscapes is a collection of our most cherished national parks and their surrounds (many of which include World Heritage listed sites). They are places which offer exceptional experiences in breathtaking environments. Identified to help you discover the richness of our country.

The majority of the Luxury Lodges of Australia are located near or within these Landscapes, all of which have been built in harmony with their natural surrounds. We invite you to hike, snorkel, climb, dive, surf, ski and fly through some of our most beautiful awe-inspiring natural wonders, spotting native flora and fauna along the way. Venture to one or journey to them all and feel truly connected to the land.

Australia's National Landscapes are not just about the natural but also the cultural and spiritual significance of these areas to the Aboriginal custodians and their unique relationship to the land and waters of their country.
