

# ACCOMMODATION SUMMARY

Each Luxury Lodge of Australia is different, by virtue of their remoteness, their special location and the small number of guests they accommodate at any one time. See an overview of lodge capacity on this page, and select a lodge name to view the full accommodation configuration and child policy details.

There are many properties in the Luxury Lodges of Australia portfolio that are ideal for families and offer great holiday ideas. The lodges are all luxury properties and as such are not your usual 'resort with kiddies club' destinations. They are all destinations where the experience of the region is paramount to a stay at the lodge.

Wondering what's included in the rate?

Many of the lodges offer a rate that includes accommodation, food and beverage and importantly, signature experiences. Policies and inclusions are appropriate to each lodge and are subject to change, please confirm with the lodge direct. **See what's included in the rate at each lodge.**
